Lisp in Summer Projects Submission

Submission Date	2013-10-18 20:49:24
Full Name	Max Li
Country	Canada
Project Name	Unlambda Interpreter
Type of software	command-line/terminal app
General category	lisp compiler/interpreter
LISP dialect	Clojure
GitHub URL	https://github.com/max-li/unlambda
Did you start this project?	Yes, all the code is written by me
Project Description	I want to describe my project in this form.
Purpose	An unlambda interpreter.
Function	It interprets an unlambda program (or really a program that is written in a subset of Unlambda).
Motivation	I like functional programming.
Audience	Unlambda enthusiasts.
Methodology	It uses the algorithms for evaluation described at http://www.madore.org/~david/programs/unlambda/
Conclusion	This is pretty unfinished, so I don't expect to win. I'm really only entering for the t-shirt.
Official	I have read rules and have abided by them. I am 18 years of age or older. I am not living in Brazil, Quebec, Saudi Arabia, Cuba, Iran, Myanmar (Burma), North Korea, Sudan, or Syria.
